

PHYSICS BUS

at the STRAWBERRY FESTIVAL!!

SAT. JUNE 16TH 10-NOON

The Ithaca Cornell Physics Bus will be located by the Fire House on Brown Street in Ovid.

COME ON DOWN AND CHECK IT OUT!!

The Ithaca Physics Bus is about doing science for fun. It is a mobile exhibition of upcycled appliances reimaged by kids that showcase unfamiliar physics phenomena. The mission of the physics bus is to awaken interest and creativity in physics for all ages and walks of life -- especially those underserved by science enrichment. The Physics bus can reach a wide range of people in diverse locations from local neighborhood, urban parks and rural schools, to cross-country destinations. It allows for the audience to have self-directed, empowering, positive experiences with physics. We believe that these types of positive experiences enrich lives and inspire people.
